Overview of History of the World Part 2

"History of the World, Part II" is a comedy television series that serves as a sequel to Mel Brooks' legendary 1981 film "History of the World, Part I." Released in 2023, the series continues the tradition of offering an irreverent, parody-filled look at major moments in world history. The show features contemporary comedic talent and delivers a fresh take on historical satire, blending sketch comedy with modern humor. As with the original film, the series covers a diverse range of historical eras through vignettes, providing viewers with a unique perspective on the past, all while maintaining Mel Brooks' signature comedic style.

Origins and Development

Mel Brooks' Influence and Vision

Mel Brooks, the mastermind behind the original "History of the World, Part I," played a pivotal role in the development of the sequel. Even at the age of 96, Brooks remained actively involved as executive producer and narrator, ensuring that the new project stayed true to his comedic sensibilities. The sequel was long rumored, with fans eagerly awaiting a follow-up for decades. Hulu eventually partnered with Brooks, assembling a creative team capable of honoring the original while introducing new elements suitable for a modern audience.

Production Team and Timeline

The series was developed by a group of accomplished writers and producers, including Nick Kroll, Wanda Sykes, Ike Barinholtz, and David Stassen. Production began in 2022, with filming taking place in various locations to accurately capture different historical settings. The collaborative approach allowed for a diverse range of comedic styles and perspectives, making the series appealing to both longtime fans and new viewers.

- Executive Producers: Mel Brooks, Nick Kroll, Wanda Sykes, Ike Barinholtz
- Production Company: Searchlight Television
- Release Platform: Hulu
- Premiere Date: March 6, 2023
